

# Research Journal of Mutagenesis

ISSN 1994-7917

## **Global circulation**

Research Journal of Mutagenesis is an international multi-disciplinary journal designed to bring together research aimed at the identification, characterization and elucidation of the mechanisms of action of physical, chemical and biological agents capable of producing genetic change in living organism and the study of the consequences of such changes.

**Scope:** Fundamental and molecular mechanisms of mutagenesis, genetic toxicology and environmental mutagenesis, responses to DNA damage and other aspects of genomic stability.

Research Journal of Mutagenesis now accepting new submissions. Submit your best paper via online submission system at [scialert.com](http://scialert.com)
