ISSN 1994-7941

## ***Fast and efficient submission and review process***

Trends in Bioinformatics is a newly launched peer-reviewed international scientific journal dedicated to publish significant research findings and new developments in genome bioinformatics and computational biology.

**Scope:** all aspects of the development, testing and novel application of computational and statistical methods for the modeling and analysis of all kinds of biological data, as well as other areas of computational biology.

Trends in Bioinformatics now accepting new submissions. Submit your best paper via online submission system at [scialert.com](http://scialert.com)
